

CITIZEN'S CHARTER

PREAMBLE

The Central Public Works Department, as an attached office of the Ministry of Urban Development has been entrusted with the execution of Public Works of all Central Government Organizations (except Defence and Railways). It is also charged with the responsibility of maintaining the building assets of the Central Government. The CPWD has traditionally taken a lead role in establishing standards and benchmarks for the building construction industry in India. The Director General of CPWD is the principal advisor to the President of India for all matters related to the construction sector.

VISION

To create and maintain a sustainable and inclusive built environment within the available resources while ensuring world class quality.

MISSION

CPWD envisages a lead role for itself in the execution, maintenance and standardization of the built environment in India, while continuing to play the role of a government department in facilitating the implementation of policies for sustainable development and transparency in governance alongwith assimilation of knowledge and experience. CPWD will strive to educate its clients to aspire for green buildings and develop norms for the same.
