OFFICE MEMORANDUM

From time to time queries are being raised by various units and Q.A units of CPWD regarding the nos. of bricks being considered as 494 per cum in Analysis of Rates of DSR item nos. 6.1 & 6.3. In different regions CPWD units are considering different wastages of bricks.

This is to clarify that this 494 nos. of bricks per cum is inclusive of 15% wastage of bricks (in cartage, handling and execution).

Henceforth, 15% wastage of bricks (in cartage, handling and execution) is to be followed in Analysis of Rates for item of non-modular clay bricks irrespective of sizes of clay bricks available at different locations.

This issues with the approval of DG, CPWD.
