Prabhakar Singh
Director General

Dear colleagues,

On assuming the office of Director General CPWD, I convey my heartiest thanks and warm greetings to each and every member of CPWD family. With utmost humility, I attribute this accomplishment to the grace of God and best wishes of all of you.

To serve an organization, which has a glorious past of over 163 years with sustained growth trajectory and promising future, is indeed a privilege and honour for me. It shall be my earnest endeavour to carry forward the legacy passed on by my predecessors. I assure that I shall discharge the responsibilities enshrined upon me with the best of my ability and capacity for the progress and growth of the Department and for making CPWD as an **'Organization of Excellence'**.

Friends, we have an edge in the construction domain due to large number of multi-disciplinary technical professionals on our roll, pan India presence and financial discipline in execution of public works. I have always cherished that with our huge resource of more than 8000 highly skilled and competent Engineers/Architects/Horticulturists, we can do wonders and generate many fold more work load than the present.

I foresee a tremendous potential for our growth. New challenges and opportunities are awaiting us. Today our national economic mood is upbeat with all round development activities going on with fast pace. We must grab this opportunity and expand our work portfolio by pursuing an aggressive marketing strategy. We need to continuously evolve to further increase our visibility in the professional arena by commanding leadership role. We must play a pivotal role in the Central Government developmental activities. We have to get ourselves prepared to venture into the diverse activities, over and above the spread of our usual working.

To ignite the fire of inspiration for doing the best for our incredible country and the Department, I state a quote from Hon ble Prime minister '**Hard work never brings fatigue. It brings satisfaction**'. It is so true. We must dream big nourished by our passion, commitment and hard work and give our 100% to the Department. Let us build a strong and vibrant organization and reiterate our commitment to deliver top quality built environment in the shortest time and lowest cost and earn the trust of our stakeholders and clients.

I am aware that for the efficient performance of the Department, every functionary must feel adequately motivated and work with cohesiveness, team spirit and fraternity. For achieving such work culture, their legitimate issues need to be addressed by finding best possible solutions. I will accord highest priority to it.

The month of July is very special for all of us, as our Department is completing 164 years of its Service to the Nation on 12th July 2018. On this auspicious occasion, I extend my heartiest greetings and best wishes to you all. I also convey my heartfelt deepest appreciation to each of you for your contributions in keeping the flag of the Department flying high. I also take this opportunity to extend my heartiest gratitude to our large esteemed clientele for reposing their faith on us.

The task before us is to continue the growth of the Department. '**Perform or perish**' is the only mantra and we have no option but to strive together to bring our Department to a greater height. I am confident that with the concerted efforts of, each and every one of us, we shall continue to excel in our performance.

Once again, I convey my best wishes to entire CPWD fraternity and urge all to strive harder in your endeavours.

(Prabhakar Singh)
Director General CPWD
