FOREIGN TECHNICAL EXCHANGE VISITS

Director General, CPWD led Indian delegation to Australia for Exchange of Knowledge on Sustainability

Director General, CPWD led Indian delegation to Australia for a one week knowledge Exchange Program from 12th to 16th August 2019. Delegation included regulators, policy makers, implementers and academicians together. The objective of the visit was to comprehend energy efficient building construction approaches and implementation models followed in Australia.

Visit spanned two important cities in Australia. One was Darwin City in the Northern Province of Australia and the other was city of Sydney in the southern East Province of Australia. Visit in both cities included the visit to the University of Charles Darwin and University of New South Wales respectively alongwith the visit to the City and atleast one of the practising Centres. Both the Universities are involved in the pioneering work of Research in the field of development of Energy efficient best practices to be implemented at the level of city council.

Key takeaways of the visit were adoption of waste management practices with best and latest technological interventions available like IOT, Robotics, GIS Mapping, Conversion of waste into resources & their utilisation and adoption of renewables in greater proportions to supplement energy efficiency for making the built habitats self sufficient in the field of energy.

One of the highlights of the visit was celebration of Independence Day with Indian Students at University of New South Wales, Sydney. DG CPWD, opened the celebrations with the National Anthem alongside the National Flag. The interaction with Indian Students was well timed with the rising of New India.

The visit ended with the commitment by all delegation members to gather together from time to time on common platforms and proliferate the best practices adopted in their individual spheres to the common benefit of the Country in particular and Universe in General.

FOREIGN TECHNICAL EXCHANGE VISITS

CPWD Officers visit Norway for proper use of C&D Waste in India under the backdrop of MoU with SINTEF, Norway

A delegation of ten officers from CPWD led by Sh. Anant Kumar, ADG (Tech) visited Norway for a study tour (from 19th-25th August, 2019) on safe and sound treatment of construction and demolition waste so as to increase its treatment and recycling capacity in India. The delegation included Sh. Ashok Kr. Gupta (CPM), Sh. Manu Amitabh (DDG), S. Kamal Ahmad (CE), Sh. Naimuddin (DDG), Sh. Rajesh Khare (DDG), Sh. Vimal Kumar (CE), Sh. Vikas Gupta (CE), Sh. B. K. Sinha (Dir.) and Sh. V. P. Rao (Sr. Arch). This tour was part of the Indo-Norwegian project cooperation MoU signed between CPWD and SINTEF (a registered scientific and research organisation in Norway) for an institutional and technical assistance program on capacity building, training and technical support on the treatment and utilisation of construction and demolition waste in India.

During the visit CPWD Officers interacted with scientists of SINTEF and visited their labs showcasing research on new technology for determining CO₂ binding with concrete with and without Re-cycled Coarse Aggregate (RCA); learnt about how Norway is complying with the Minamata convention on Mercury; visited a modern integrated C&D waste recycling plant for aggregate, asphalt and concrete production; visited a 20 Km long tunnel between Stavanger and Strand where C&D Recycled Filling Material has been used; visited the NES Environmental Centre and learnt about the technology which recycles up to 80 per cent of the bulk material that would otherwise have ended up in traditional landfills; held discussions with scientists of the Norwegian Environment Agency; visited a school building which had used recycled concrete aggregates in its structure; visited a Waste-to-Energy automatic waste sorting and separation plant and a highway site where RCA has been used in subbase and in concrete retaining walls.

OVERSEAS PROJECTS BY CPWD

Womens' Police Training Centre at Myanmar

A Project to upgrade Women's Police Training Centre at Yamethin, Myanmar is being undertaken by CPWD with the assistance of Central Government. A MoU has also been signed between Government of India and Government of Myanmar and CPWD has been assigned with the task of preparation of Detailed Project Report (DPR) and to act as Project Implementation Agency for the subject work.

DPR has been prepared and submitted by CPWD to Ministry of External Affairs in February 2019 and subsequently the DPR is modified after the comments and submitted again in August 2019. A Joint Project Monitoring Committee for monitoring the project has been constituted by the MEA.

Joint Project Monitoring Committee

- Co-Chair-Ambassador, Embassy of India, Yangon
- Member-Representative from DPA-III Division
- Member-Representative from BM Division
- Member-Representative from IFD
- Member-Nominated by Ministry of Home Affairs
- Member-DCM or alternative mission representatives
- Special invitee- Representatives from CPWD
- Special invitee-Representative from Sardar Vallabhbhai Patel National Police Academy (SVPNPA)

RECENT ICONIC PROJECTS

Heritage Parliament House Complex Glitters with Dynamic Facade Lighting

State-of-the-Art Technology, environmental friendly, energy saving and low life cycle cost Dynamic Facade Lighting Work for Parliament House Complex was initiated on 20 July, 2019 and completed in just 22 days. Façade lighting of Parliament House, Parliament Library Building and Parliament House Annexe buildings has done at a cost of Rs. 6.18 Crore. Power consumption in these buildings will be about 26 KW, 15 KW and 12 KW respectively.

875 energy-efficient LED (light-emitting diode) lights have been installed in Parliament Complex. These are power efficient and uses only one-fifth (20%) of electricity as compared to other types of lights. These long-lasting, excellent intensity LED bulbs are capable of creating over 16 million colour combinations. The LED lighting is programmable and electronically controlled through computers. Dynamic lighting system through intermittent multi-colour lights creates an aura and enhances grandeur of Parliament House.

These beautiful lights will illuminate beautiful Parliament House Complex all round year and will enhance the beauty and visibility of the Parliament building. Prior to this, such lightings were installed in North Block and South Block, Rashtrapati Bhawan and India gate.

The innovative and inspirational lighting of Parliament House complex will sync with the other three buildings for mega light show and will illuminate the India's top three fortress of power.

RECENT ICONIC PROJECTS

State-of-the-Art North Avenue Flats by CPWD for Hon'ble Members of Parliament

CPWD transformed the old shabby appearance of North Avenue Flats to rejuvenating new structures with all the modern facilities and green building features.

BACKGROUND

There were 228 existing houses in North Avenue and 196 in South Avenue, constructed in the year 1951-52. The structures have outlived their life and lack modern facilities.

The House Committees of Lok Sabha and Rajya Sabha approved the scheme for construction of 144 duplex houses in North Avenue and 120 duplex houses in South Avenue after demolition of existing houses.

North Avenue

South Avenue

Construction of these flats has been completed 6 months before scheduled target with saving of 12 Crore.

PROJECT SANCTIONS

The Architectural drawings were approved by the House Committees of Lok Sabha and Rajya Sabha in September 2016. Administrative Approval & Expenditure Sanction for Rs. 82.00 Cr was received from Lok Sabha Secretariat in May 2017 and for Rs. 10.25 Cr. from Rajya Sabha Secretariat in June 2017. As per the sanction, the work was to be completed in 30 months, i.e., by 28th December, 2019.

Plot Size-13.5m x 25m	338.00 Sqm.
Basement Area	135.00 Sqm.
Ground Floor Area	163.72 Sqm.v
First floor Area	120.51 Sqm
Total built-up area	419.00 Sqm.

PHASE –I

CPWD constructed 36 duplex houses by demolishing 64 flats in North Avenue.

DESIGN CONCEPT

- Low density & low rise development.
- LBZ Architectural features are amalgamated with modern architecture.
- The Avenue effect with trees & row houses is developed.
- Organization of built spaces resulting in maximum open area.

Each duplex house has a Drawing Room, Dining Room, 4 Bedrooms with attached toilets, Kitchen, Puja Room, MPs Office, separate Office for PA and staff. All bedrooms are attached with balcony.

Space for two car parking is provided in the basement along with store.

A dedicated lift having a capacity of 6 persons has been provided from the basement to first floor in each duplex.

The entry for visitors and staff has also been segregated.

Every house has a front lawn and a room for the security guard.

GREEN FEATURES

- Roof top Solar Power Plant of 5 KWp has been provided for each house.
- All the light fittings are LED based.
- All the air-conditioners are based on inverter technology with low power consumption.
- Rainwater harvesting system has been provided.
- Bricks made from construction and demolition waste and fly-ash have been used.
- Double glazed windows for thermal insulation to save energy.
- Low flow fixtures have been provided for conservation of water.

OTHER ACTIVITIES

Shri Prabhakar Singh, DG, CPWD graced the valedictory Session on September 11, 2019, in an International Conference on “Augmenting Nature by Green Affordable New Habitat” jointly organized by Bureau of Energy Efficiency, and Indo-German Energy Forum (IGEF) in New Delhi. DG, CPWD in his address emphasized the need for conservation of water, energy, implementation of ECBC norms in building sector and the initiatives taken by CPWD in these areas.

Sh. Prabhakar Singh, Director General, CPWD dedicated 'Self Propelled Hydraulic Machine for tree maintenance and pruning' for use in CPWD by Horticulture Wing during a function on September 7, 2019 at North Avenue, New Delhi.

Director General, CPWD inspected IP Bhawan in New Delhi on Sep 6, 2019 as a part of ongoing maintenance drive and advised field officers to be more attentive in improving the maintenance.

Shri Prabhakar Singh, Director General, CPWD & hundreds of CPWD Officers & Staff, Morning Walkers & NDMC Officials participated in the cleanliness drive at India Gate New Delhi on September 14, 2019 as a part of 100 days Action Plan of CPWD for Clean & Garbage free Assets maintained by CPWD across the Nation.

Prabhakar Singh, DG CPWD @D... · 1s ✓
My sincere thanks to all who participated in Shramdan and Plogging Drive held today at India Gate. We also took a Pledge for no use of Plastic. I urge everyone to become a responsible & wise citizen and say no to the Plastic.

Sh. Prabhakar Singh, Director General, CPWD planted tree sapling at Buddha Jyanti Park, New Delhi under plantation drive/ Hariyali Mahotsav under 100 Days Action Plan of the Department on September 07, 2019.

Under 100 Days Action plan of CPWD for 100 GPRA Colonies for making colonies green & garbage free, Green dustbins (for Wet Garbage) and Blue dustbins (for Dry Garbage) were distributed in Residence by the Chief Engineer, Central Zone Bhopal on August 31, 2019.

ACTIVITIES OF CPWD OFFICERS' WIVES ASSOCIATION

CPWD Officers Wives' Association organised Hariyali Mahotsav at National CPWD Academy, Ghaziabad on August 21, 2019. Tree Saplings were planted by the President, CPWD OWA, ADG (Research & Training), CPWD and others on the occasion.

To inculcate the feeling of Nationalism in the children on Independence day, the National Flag was hoisted by the President OWA at all the Creches and Hriday Kunj. Children sang patriotic songs. They were also given sweets and refreshment.

Under ongoing plantation drive of the department, Hariyali Mahotsav was held at GRPA Colony, Kolkata by CPWD Horticulture Wing on September 09, 2019. Ladies and kids planted tree saplings and participated with enthusiasm.

Members of OWA Chandigarh celebrated Independence Day by hoisting the flag with the Bal Basera children on August 15, 2019

Under the backdrop of MoU signed between CPWD & CPWD OWA, a Free Health Check-up Camp was organized by CPWD Officers' Wives Association for the workers at CPWD Service Centre, Kushak Road, New Delhi on September 03, 2019. DG CPWD inaugurated the event.

President CPWD Officers Wives' Association inaugurated Bal Basera for the welfare of the children of the Construction Workers, deployed at the project site on September 9, 2019 at AIIMS Rishikesh Project being developed by CPWD.

Members of OWA Kolkata organised a Tree Plantation Drive on August 2, 2019.

Members of OWA Dehradun organised a Tree Plantation Drive on August 15, 2019.
