Office Memorandum

It has been decided to conduct an in house study for enlistment/black listing/debarring/demotion/ of contractors participating in CPWD works and submit the systemic improvement recommendations of the present procedures adopted to the competent authority for their consideration. In the said study it is envisaged to improve responsibility of contractors towards the quality work execution and enhance performance of contractors by imparting higher degree of accountability. Further, it is also to bring integrity and transparency in execution of works as well as to strengthen the present process of revalidation of enlistment on the basis of annual assessment of contractors instead of five years revalidation.

- (i) How many contractors were black listed?
- (ii) How many contractors were suspended?
- (iii) How many contractors were debarred?
- (iv) How many contractors were downgraded in the listing?
- (v) Any additional remarks/comments in this regard.
