

**No.15/2/M/PWD-E/2009-VSI**

Government of India  
Directorate General  
(Vigilance unit)  
Central Public Works Department  
Nirman Bhawan, New Delhi-110 011

Dated 7 Nov, 2012.

**Circular**

Section 52 of Chapter 6 of CPWD Manual 2012 deals with the examination of works by Chief Technical Engineer's Organization. However, while examining report of a work recently inspected by the CTE it has been observed that non production of records during the inspection resulted into avoidable observations by CTE. Though records were later produced by concerned office and the observations of CTE were dropped the non production of documents resulted into generation of unnecessary correspondence and wasting lot of time, resources and money, which could have been easily avoided.

The matter has been viewed seriously by DG, CPWD. It is directed that the provisions of Section 52 of Chapter 6 of the CPWD Works Manual should be strictly followed. All the Chief Engineer's are requested to bring this into the notice of all field units under their control for compliance.

  
(K.N. Joshi)  
Executive Engineer (Vig.)V

Issued from File NO No.15/2/M/PWD-E/2009-VSI
