No. DG/VIG/ 2

It has been observed in one of complaint received in vigilance unit that surcharge has been paid by various Divisions in CPWD over water bills received from local body due to various reasons viz. late receipt of bills, shortage of funds etc.

The field staff should be in liason with local body in case bills are received after due dates for payment so that matter regarding surcharge for payment after due date can be settled. In case bills are received prior to due date of payment, timely action on payment of bills must be taken within the due date of payment to avoid payment of surcharge.

It has been decided that all ADGs/DDG (Works)/CEs should issue suitable instructions/guidelines to all field staff under their control on this issue.
