TEST CHECKING OF MEASUREMENTS

Para 7.30 to 7.33.1 of CPWD Manual vol.II deal with the test checking of measurements by Executive Engineer and Assistant Executive Engineer/Assistant Engineer recorded by their sub-ordinate officers to the extent of specified percentages by each. Doubt has been raised as to whether the specified percentage relates to the number of measurements recorded or to the corresponding monetary value of the measurements of work done. It is, hereby, clarified that for the purpose of test check, "measurements" means the "corresponding monetary value of measurements of work done". This, however, does not apply to "Levels" in which case the test check has got to be based on the number of levels recorded.
